DAY TOURS

COMBO SAFARI ITINERARY

The Combo safari combines a 2 to 3 hour game drive in an open safari vehicle and a 1.5 hour horseback or quad bike outride, tasty buffet breakfast & lunch.

Horseback safaris are alongside horseback safari specialists, who will demonstrate and show you the wild facts of this region. A slow walk across the plains or cantering at full throttle are options dependent on the skills of the other riders in the group. No experience is necessary.

The quad bike safari day tour involves roughing it up within the 10,000 hectare conservancy of Game Reserve.

For both the Quad Bike and Horseback Safaris guests must be 16 years and older and not weigh more than 110 kg / 242 lbs.
